

## **Best Practice No-1: Think Globally Act Locally:**

**1. Title of the practice:** Think Globally Act Locally

**2. Goal:**

To implement environmentally conscious solutions into everyday decisions and actions of students and teachers/staffs in Kamrup College, Chamata.

**3. The Context:**

The college is located in a village area surrounded by paddy fields and greenery now. To avoid bearing the brunt of climate change in an adverse way, the college adopts and tries to realise the phrase “ Think Globally Act Locally” by appropriate thought of actions and spreading the message of environmental awareness and protection in the day to day life of the members of the college family. As environmental problems have no boundaries, every preventive and protective measure on the part on the individual can go a long way in global context.

**4. The Practice:** The IQAC has been performing the practice by various means, also through different departments of Kamrup College.

**5. Evidence of Success:**

- (a) A lot of different tree plantations both inside and outside of college campus have been done through this practice by the teachers and students over the years.
- (b) Emphasize on plantation and preservation of indigenous herbal trees by the college family.
- (c) A majority of students come to college either by bicycle or by walk and use public transport.
- (d) Use of AC is bare minimum in the college.
- (e) Students make various products of bamboo and cane such as Indian flag, bicycle etc.
- (f) Bicycle rallies to spread environmental awareness.
- (g) Emphasizing use of eco-friendly and bio degradable objects instead of plastic, tharmocol, polymer or any other harmful products.
- (h) Implementing pisciculture in the college campus.

**6. Problems Encountered and Resources Required:**

- a). The public transport available to commute to and from college is not adequate. As a result, more personal two wheeler and four wheeler vehicles are used.
- b). The members of the college are not rich enough to buy and use electric car/bikes, also there is a lack of availability of charging stations in the area. Hence, members of the college have to use petrol/diesel engine vehicles.

**7. Notes (Optional)**

## **Best Practice No 2: Social Responsibility**

1. Title of the practice: Social Responsibility of Kamrup College
2. Goal: Continuous commitment to contribute toward the socio-economic development in nearby areas of Kamrup College.
3. The context: A large chunk of students in Kamrup College are from financially poor background. Also, a large portion of population in nearby areas of the college are not financially well off.
4. The practice: The IQAC and teachers/staffs as well as students supports various social events in Chamata region.
5. Evidence of success:
  - a) Distribution of foods in flood relief camps by teachers/students.
  - b) Small monetary contribution to different social events by teachers and other staffs.
  - c) Monetary help to distressed people
  - d) Awareness camp on Health & Hygiene in nearby villages
  - e) Preservation of ancient scripts and documents
  - f) The college adopts a primary school, provided computer to the school.
6. Problems encountered and resources required:

The main problem is lack of money. Also, due to covid in last two years, many things to realize the above goal were not possible.
